

Dear Madam/Sir,

You are kindly invited to participate to the forthcoming Conference titled:

19th INTERNATIONAL CONFERENCE on Quantitative Methods in Economics (QME) 18 - 19 June 2018 Warsaw, Poland

The 19th QME conference will focus on new trends in theory, applications and software of quantitative methods in economics, in life sciences, mathematics application in science.

The QME 2018 will be held in Warsaw, Poland, from the 18th of June to the 19th of June, 2018. QME 2018 is organized by the Department of Econometrics and Statistics, Warsaw University of Life Sciences – SGGW. University campus is one of the greatest and nicest in Poland. QME main objective is to welcome papers presenting results of empirical research and theoretical analyses in the field of quantitative methods in economic sciences, in life sciences, new techniques and methodologies in the broad area of stochastic modelling and data analysis. An objective is to use the methods proposed for solving real life problems by analysing the relevant data.

Oral speeches and/or posters are very welcome.

The publications of the conference include:

1. The Book of Abstracts in Paper form (electronic form could be downloaded from the website)
2. Electronic Proceedings on the website
3. Publications in edited Journal.

For more information and Abstract/Paper submission, fees etc. please visit the conference website at: <http://mibe.sggw.pl/en/> or send email to: mibe@sggw.pl

Sincerely yours,

Professor Bolesław Borkowski (Warsaw University of Life Sciences - SGGW) – Scientific Committee Chair
Luiza Ochnio PhD, Warsaw University of Life Sciences - SGGW, Conference Organizing Committee Chair
