

**IRO Announcement no 2 /22/SMS 2022/2023  
„Erasmus – Mobility for Studies” (KA131/2022)  
Nominations to host universities completed**

The International Relations Office (IRO) has completed the process of informing partner universities about the Erasmus students nominated for the academic year 2022/23. Partner (host) universities should now contact each student individually.

Students nominated for the winter semester (1<sup>st</sup> semester) who have not received any information from their host university yet are required to **contact the host university (by email)** to find out about the registration procedures and deadlines.

Students nominated for the spring semester (2<sup>nd</sup> semester), who have not received any information from their host university, should contact their host university in September at the latest.

If the host university informs you that your nomination has not reached them, please forward this message to [erasmusbwz@uw.edu.pl](mailto:erasmusbwz@uw.edu.pl).
