Obligatory Erasmus+ participant survey 2022/23*

All students participating in the Erasmus exchange in 2022/23 academic year have received an email with the link to the on-line participant survey from EU-CORPORATE-NOTIFICATION-SYSTEM@ec.europa.eu with title: **Erasmus+ participant survey**.

The survey is OBLIGATORY as indicated in the declaration you have signed. Not submitting the Erasmus+ participant survey will result in having to return the whole Erasmus grant received.

If you have not received the email with the link to the survey, please inform IRO: erasmusbwz@uw.edu.pl (after checking your SPAM mailbox).

Some questions in the survey may be problematic:

1. *Participation in a blended Mobility; Participation in a blended intensive programme?*

Correct reply: **NO**

2. *Is your mobility taking place within a European University Alliance?*

Please mark YES if you studied at the following universities: [Univerzita Karlova](#) (Czech Republic); [Ruprecht-Karls-Universität Heidelberg](#) (Germany); [Sorbonne Université](#) (France); [Kobenhavns Universitet](#) (Denmark); [Universita degli studi di Milano](#) (Italy).

3. *Did your sending or receiving institution make you aware of your rights and obligations on mobility in line with the Erasmus Student Charter?*

Erasmus student Charter is an Annex to the Erasmus financial agreement, which you received when signing your financial agreement.

After submitting the on-line survey, please save the pdf with your survey. Do not send the saved pdf to IRO (we will verify in the EU system whether your survey has been registered).
